

## Walkthrough for Brainstorm Dial-up Account with Windows 2000

This is a step-by-step walkthrough for configuring your computer to use your Brainstorm dial-up account. If you have any problems call us at our toll free number 1-877-651-6299. We are open Monday thru Friday from 8am- 10pm and Saturday thru Sunday from 9am- 6pm.

### Windows 2000 Dial-Up:

1. Double-click on **My Computer**
2. Double-click on **Control Panel**
3. Double-click on **Network and Dial-up Connections**
4. Double-click on **Make New Connection**
5. Click **Next** on the bottom
6. Make sure that **Dial-up to the internet** has a black dot in it.
7. Click **Next**
8. Make sure that **I want to set up my Internet connection manually, or I want to connect through a local area network (LAN)** has a black dot in it.
9. Click on **Next** on the bottom
10. Make sure there is a black dot in **I connect through a phone line and a modem**
11. Click **Next**
12. Leave the Area Code blank and here's a list of cities with their corresponding dial-up numbers:
  - Durango: 247-7798
  - Farmington: 716-4042
  - Grand Junction: 241-0044
  - Montrose: 240-2794
13. Make sure **Use area code and dialing rules** is not checked.
14. Click **Next**
15. Type in your username (ex: [username@gobrainstorm.net](mailto:username@gobrainstorm.net)) and password. Don't forget @gobrainstorm.net at the end of your username!
16. Click **Next** on the bottom
17. Type **Brainstorm** for the Connection Name (It normally says "connect to 247-7798...")
18. Click on Next
19. Make sure the black dot is in No for the question: "Do you want to set up an Internet mail account now?" It can always be done later.
20. Click on **Next** on the bottom
21. Click on **Finish**
22. If you have any problems please call us 1-877-651-6299.
